The form most people assume is the centre of an Idaho sale, and mostly is not. Read its own Intended Users line: Idaho financial agencies registered with the Department of Finance, licensed Idaho manufactured home dealers, out-of-state dealerships and financial agencies, and private party sales to Idaho residents where the sale is conducted outside the state of Idaho. In an ordinary sale between two Idahoans, nobody fills this in at home - the county assessor's deputy prepares the title application at the counter for the buyer to sign. ITD's Vehicle Titles page lists it as optional for exactly that reason. It is here because a seller will find it, download it, and need to know whose form it is.

This sheet is not the form. Download the blank 3337 from the Idaho Transportation Department, Division of Motor Vehicles at <https://itd.idaho.gov/wp-content/uploads/2025/04/3337.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	Check first whether you need it at all	An in-state private sale is handled at a county assessor's motor vehicle office, which prepares the application for the buyer to sign. Watch out: ITD lists this form as optional on its Vehicle Titles page, for out-of-state dealers, lienholders and leasing companies. Downloading it does not make it your route.
2	BUYER	Section 1: who goes on the title	Full legal names, Idaho driver's licence numbers or SSNs, and the Or / And boxes that join them. Watch out: Or means either owner can sign for the vehicle later; And means both must, every time. That choice outlives this transaction by years.
3	BUYER	Section 2: the vehicle	VIN, year, make, body type, model, colour - copied from the assigned certificate. Watch out: Do not use codes from the old title. ITD's own instruction for its title forms is to spell out makes and models.
4	BUYER	The odometer block	Reading, date of reading, and one of the five statuses. Watch out: Exempt is the status for a model year 2010 or older vehicle. It is not the status for a vehicle whose seller simply did not write a number down.
5	BUYER	Section 3: leave it alone	The sale block and its six money boxes are completed by the dealer, financial agency, leasing company or rental company. Watch out: In a private sale the price lives on the bill of sale and on the title, and the county calculates the 6% from those.
6	BUYER	Section 4: any lien	The lender's name and mailing address, if the purchase is financed. Watch out: If a lien is recorded here the title goes to the lienholder rather than to the owner, which is what ITD's Vehicle Titles page means by the title being mailed or electronically transmitted to the lienholder.
7	BUYER	Section 8, in front of the witness	The applicant certifies the information and that the vehicle is theirs, and the dealer or financial agency witnesses it in Section 6. Watch out: Signing at home defeats the form. Its instructions say without that witness it will not be processed.
8	BUYER	Send it with the money	The assigned title, this application, the state's fourteen-dollar title fee plus the county's admin fee, the sales or use tax, and a VIN inspection if the vehicle is arriving from out of state. Watch out: Thirty days from delivery. Section 49-504A charges the new owner a twenty-dollar penalty on the thirty-first.

What gets this one rejected

- Using it for an ordinary in-state private sale. The instructions confine private-party use to a sale to an Idaho resident conducted outside the state of Idaho; anything else goes over a county counter.
- An unwitnessed applicant signature. The form's own rule: the applicant's signature must be witnessed by the dealer or financial agency or it will not be processed.
- A private seller completing Section 3. That block belongs to a financial agency, dealer, leasing company or rental company, and the seller's permit number box above it is required for leasing and rental companies.
- An agent signing with nothing attached. Either the original power of attorney or a copy verified to be a true copy must be attached, and it must describe the vehicle completely.
- A saved copy of the PDF. The form asks you not to - go to the ITD website for the most updated forms - because it is designed to be completed on screen and printed for signature.
- A faxed application. Faxed copies are not acceptable, in those words.

Amber is what you write

Grey is a block somebody else completes
