How to fill out MV13 — Beneficiary Designation for Vehicle or Vessel Title

Montana · written against MV13 (8/26), issued under MCA 61-3-226, certificate of title transfer on death; signed under MCA 45-7-203

</forms/montana/mv13-beneficiary-designation/>

Montana's transfer-on-death paperwork for a vehicle, and it belongs on a seller's list for two opposite reasons. If you are keeping the car, this is how you spare whoever inherits it a trip through probate. If you are selling it, the designation dies with the sale - a transfer of ownership processed before the last surviving owner's death revokes it automatically - and if you are selling a car you inherited under someone else's designation, this form's instructions are the checklist for doing it. Up to five beneficiaries, none of whom has any interest at all while you are alive.

This sheet is not the form. Download the blank MV13 from the Montana Department of Justice, Motor Vehicle Division, Vehicle Services Bureau at <https://mvdmt.gov/wp-content/uploads/2026/08/MV13-Beneficiary-Designation-for-Vehicle-or-Vessel-Title-08.26F.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Section 1: the owners, as the title prints them	Full legal name including any suffix, physical address, identification number, email and phone for every owner. Watch out: Use the name on the face of the title. A designation filed under a shortened version of your name is a mismatch the department has to resolve before it can attach it to the record.
2	YOU	Section 2: the vehicle	Year, make, model and the VIN or hull number. Watch out: The designation attaches to a vehicle record, not to you. Selling this car and buying another leaves the new one with no designation at all.
3	YOU	Section 3: who inherits it	Legal name, identification number and issuing state, mailing address, phone and email for each beneficiary, up to five. Watch out: Name them all now. If more than one is designated, the instructions require every one of them to apply and to provide identification after the death - so a beneficiary you left off cannot be added later by agreement.
4	YOU	Section 4: every owner signs	Signature and date for the owner and for any joint owner. Watch out: The certification you are signing says a will does not revoke or supersede this designation. If your will leaves the car to somebody else, one of the two documents needs changing, and it is not going to be this one.

What gets this one rejected

- One signature on a two-owner title. The certification's own last line is all owners must sign, and a joint owner who did not sign has not designated anybody.
- A designation filed on its own. This form travels with a title transaction: an MV1 when applying for a title, or an MV7 replacement application when adding, changing or revoking a designation already on record.
- Six beneficiaries. The instructions cap it at five.
- A beneficiary trying to claim without every death certificate. All owners on the current Montana title need one, and where there are multiple beneficiaries, all of them must apply and all must provide identification.
- Treating a will as an override. The form says the opposite in its own certification - a will does not revoke or supersede this designation regardless of when the will is made.
