VIII. Damage Disclosure NDCC 39-05-17.2

The damage disclosure law includes passenger cars, trucks, pickup trucks, motorcycles, and motor homes that are less than nine years old. It EXCLUDES all trailers, off-highway vehicles, and snowmobiles. A Damage/Salvage Disclosure Statement (SFN 18609) must be completed. Motor vehicle body damage disclosure requirements apply only to the transfer of certificate of title on vehicles less than nine (9) model years old.

If applicable, please submit SFN 18609 Damage Disclosure Statement with this application.

Any person who makes a false statement on this form is guilty of a Class A Misdemeanor.

How to fill out SFN 2872 — Application for Certificate of Title and Registration of a Vehicle

North Dakota · written against SFN 2872 (4-2026), issued under North Dakota Department of Transportation, Motor Vehicle Division, under NDCC 39-04 and 39-05, with the excise tax presumption at NDCC 57-40.3-08 printed on the form

application-for-certificate-of-title-and-
registration/](https://sellmycarhub.com/forms/north-dakota/sfn-2872-application-for-certificate-of-title-and-registration/)

The department's master application: one sheet that titles a vehicle, registers it, changes a registration, or orders duplicates, with the box you tick at the top deciding which. In a private sale it is the buyer's form, not yours - but you will meet it twice. It is the form the buyer brings to the counter with your assigned certificate, and it is the form you complete yourself when you order a duplicate title or move a plate credit onto a replacement vehicle. Page two carries the thirty numbered excise tax exemptions and a damage disclosure statement.

This sheet is not the form. Download the blank SFN 2872 from the North Dakota Department of Transportation, Motor Vehicle Division at <https://dot.nd.gov/forms/sfn2872.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	Section I, Title Process	One box, ticked by the buyer. Title Process is the one an ordinary purchase needs; the duplicate column beside it belongs to a different job entirely. Watch out: Check only one is the form's own instruction. A sheet with Title Process and Registration Change both ticked comes back.
2	BUYER	Section II, the applicant and co-applicant	Applicant type, legal name, identifier type and number, telephone, and full address with county - then the same again for a co-applicant. Watch out: The names here must match the names the seller wrote into Part 1 of the certificate. Where they do not, the counter stops and asks which document is wrong.
3	BUYER	The lease question and the conjunction	Whether the vehicle is leased, and whether two owners are joined by And, Or, or And/Joint Tenants with Right of Survivorship. Watch out: Must Select One, says the form, and it means it - this is the entry that decides who has to sign when the car is sold again.
4	BUYER	Section III, the vehicle	Title number, year, make, model, body style, VIN, fuel type, colour, registered weight, and the plate and credit plate numbers. Watch out: The credit plate number is where a buyer's own removed plate goes. Leaving it blank is how a licence fee credit quietly fails to arrive.
5	BUYER	Odometer Reading and Odometer Indicator	The reading transferred from the certificate, and one of Actual Mileage, Exceeds Mechanical Limits or Not Actual. Watch out: It has to agree with what the seller certified on the title. A reading here that differs from the one on the certificate is the kind of mismatch that produces a corrected title months later.
6	BUYER	Section IV, the purchaser's certificate	Full purchase price less rebate, less any trade-in or total loss allowance, down to the difference or subtotal that the tax is worked on. Watch out: The price must be the price on the bill of sale and on the certificate. The department checks values against an industry guide, and three documents with three numbers on them is an invitation to do exactly that.
7	BUYER	The fee column	Tax at 5% of the subtotal, the title fee of \$5.00, the vehicle licence fee, any plate or credit transfer fee of \$5.00, a branch fee, and total fees due. Watch out: The abandoned vehicle disposal fee of \$1.50 printed above the title fee belongs to an initial North Dakota title, not to a car already titled in this state - and the form prints DO NOT SEND CASH beside the total for a reason.
8	BUYER	Section VI, signature and printed name	The buyer signs, dates and prints their name, certifying the vehicle will be insured and the information is correct. Watch out: Only the person applying signs. A seller signing here to speed things up is signing somebody else's certification, under a penalty clause that names a class B misdemeanor.

What gets this one rejected

- Two boxes ticked in section I. The instruction is Check only one, and a sheet asking for both a title process and a registration change is a sheet the counter cannot process.
- An applicant name that is not the buyer's legal name. Applicant Type and Applicant Number Type between them decide what identifier the department will accept, and a nickname with a driver's licence number attached is not one.
- A co-applicant with no conjunction selected. The Must Select One block exists precisely for that, and the new certificate cannot be printed without it.
- An odometer reading with no indicator ticked. Three boxes, one answer, and the department refuses a transfer without a completed disclosure where one is required.
- Fees added up from another state's arithmetic. The tax line is 5% of the difference or subtotal, the title fee is printed on the form as \$5.00, and the abandoned vehicle disposal fee of \$1.50 belongs only to an initial North Dakota title - not to a car already titled here.
